

## DIG DEEP

An in-depth look at 4 tech-tools your students can use to show learning in and outside of your classroom.

### Weebly- <http://www.weebly.com/>

Weebly is an EASY drag and drop website creator

#### Communication Uses

- Create a site for your band to use as a place for your parents/students get up-to-date information

#### Try it!

- Create/login to account
- ADD SITE
- SITE
- CHOOSE A THEME
- CREATE DOMAIN (you can do this later)
- Change the header, drag and drop from the left menu
- ADD PAGES

### Edmodo- <https://www.edmodo.com/>

With intuitive features and unlimited storage, quickly create groups, assign homework, schedule quizzes and more. With everything on one platform, Edmodo reinforces and enhances what you're already are doing in the classroom.

#### Try it!

- Create/Log-in (if you have an account feel free to answer questions to others), sign-up as a teacher
- Add to Group- bihdq7
- Demo of Quizzes, Polling, etc..
- Create a Group-get your neighbor to join your group
- Create a Quiz and/or poll

### SmartMusic- <http://www.smartmusic.com/> / Free functions

- Practice Tools-Piano, Tuner, Metronome
- Record takes and save as an MP3 your best recording

#### Try it!

- Download Smartmusic (you don't have to create an account)
- In the bottom left corner are the practice tools
- Record yourself speaking
- Save the recording as an MP3 and upload to Edmodo assignment (instructions are on weebly)

### Blend Space- <https://www.blendspace.com>

Blendspace is a board building site. Teachers and Students can create boards based on topic/lessons

#### Try it!

- Create/Login to Blend Space
- Create a NEW LESSON
- Title Lesson
- Drag/Drop, Search, upload to board
- SHARE Board on your Weebly site and Edmodo
- Look at the assign classes, add student area

If there's time we'll look at a few more from the Symbaloo- <http://www.symbaloo.com/>
